25 years experience

After graduating with a First Class Honours Degree in Printed Textiles from the University of Derby, Ali started work as a lecturer teaching visual studies to interior design students and freelancing as a surface pattern designer creating hand painted work for the home decor and stationery markets.

Ali has designed patterns and illustrations for a wide range of markets including greeting cards, home textiles, fabric and children's products. Her clients include: Dashwood Studio, The Gift Wrap Co, Hobby Lobby, Paper Rose, CCA Occasions and Fisher Price.

The image is a composite. On the left, there is a vibrant, repeating pattern of various animals including sloths, cats, hedgehogs, and armadillos, interspersed with stylized plants and leaves in a warm color palette of yellows, oranges, and blues. On the right, a woman with grey hair, wearing a blue top and a colorful striped scarf, is seated at a white desk, focused on a task. The desk is cluttered with various items, including a pair of scissors, a small white object, and some papers. In the background, a white shelving unit and a dark board with many small circular objects are visible. A semi-transparent white rounded rectangle with a purple border is centered over the image, containing the word "PROCESS" in a bold, purple, sans-serif font.
