**FOREST FRIENDS - CHRISTMAS STOCKINGS**

**HOW TO MAKE 2 SIMPLE STOCKINGS**

You will need:

- The Dashwood Studio Stocking panel
- Matching thread
- Any trimmings for additional Christmas sparkle - don't forget to add these before sewing or where you feel appropriate

1. Cut out the stocking pieces following the outer edge of the cream seam allowance.

2. Cut out the hanging loops following the outer edge of the design - the seam allowance is included in the hanging loop design.

3. Take one of the hanging loops and fold in half length-wise with the right sides together. Using a 1/4 inch seam allowance, sew along the long edge.

4. Turn to the right side. Press the seam allowance to the middle of the loop and press.

5. Fold in half, with the seam inside, and pin the raw edges together.

6. Take one of the stocking backs, right side facing, place the hanging loop so that the bottom edge lines up with the dotted line with the raw edges extending past the seam allowance of the loop will be facing upwards. Pin in place.

7. Place a stocking foot on top of the back, right sides together, sandwiching the hanging loop between them.

8. Starting at the top sew around the stocking using a 1/4 inch seam allowance, making sure to catch in the hanging loop. Leave the top open.

9. Neaten raw edges if desired and clip seams if needed and turn right side out. Press.

10. At the top of the stocking fold and iron a 3/4 inch seam allowance. Then, fold and sew another 1/4 inch to form a hem.

11. Starting at one of the side seams sew around the top of the stocking, securing the hem in place.

12. Repeat the steps 8-12 for the other stocking.

13. Fill with presents and treats.

MERRY CHRISTMAS!
